For all programs at the Cyzner Institute, during bad weather, we may close when road conditions are hazardous. On the first day, we will close per the decision made by CMS. For all subsequent days if the inclement weather should persist after one day, please call the office/school and listen to the voicemail for further instructions and please check for email notification. If you attend the one-to-one program only, your child's teacher will make every effort to reschedule these missed snow days.
